# WELCOME MESSAGE

Dear dental colleagues and friends,

It is our honour and privilege to welcome you to the Hong Kong International Dental Expo And Symposium (HKIDEAS) from 2 to 4 December 2022 at the Hong Kong Convention and Exhibition Centre.

Amidst the attack of the COVID-19 pandemic, people are now living under new normal. In this ever-changing environment, the theme of HKIDEAS 2022 "Driving Innovation in Dentistry" perfectly describes the essence of success nowadays. Stepping into its 11<sup>th</sup> edition, we are proud to present HKIDEAS again as one of the most prestigious venues for continuing educational development in the Asia Pacific region. Highly reputable speakers are invited to share, discuss and dissect the current hot topics relevant to significant scientific advancement and inspiring innovations. You are strongly recommended to review the whole scientific programme thoroughly and make good use of this valuable chance for further advancement.

Aside from the scientific programme, the exhibition is a platform that one cannot afford to miss out. Numerous leading dental manufacturers feel excited to showcase and introduce here their high quality, innovative and technologically sophisticated products and services to help keeping your clinic setting abreast with the latest trend. What's more, the Opening Ceremony on 2 December is another highlight where dental colleagues, attendees and exhibitors are most welcome to join for exchange and networking.

The preparation for the 11<sup>th</sup> HKIDEAS is on the right track. We ensure you a fruitful and memorable experience here. Let's mark diary for this must-attend event and keep watching our latest updates.

See you all at the 11<sup>th</sup> HKIDEAS!
